

# Crawford Livestock Market

Market report for Friday, June 4, 2021. We sold a total of 879 head consisting of 375 weighups and 121 feeder cattle and 383 pairs with a few bred cows. The weigh up market was steady in most weight classes to slightly lower on some others. Light cows were higher by about \$4. 1000#-1100# cows were off from two weeks ago, but on a small sample. 1100#-1300# cows were better ranging from \$68-\$78. Bigger fleshy cows weighing 1300-#1500# were steady to slightly stronger at \$70-\$75.50 and the big cows weighing 1500#-2000# were steady to stronger at \$70-\$74.50. The main cut of bulls weighing 1500-#2000# were right in line from last week at \$93-\$100.50. The big bulls weighing 2000#-2500# brought \$97-\$104-50. The heiferette market was barely tested but basically \$88-\$95 on a few head. We had a nice package of red grass type heifers from Wyoming weighing 694# bringing \$131.50. We had a nice turnout both in house and on-line for the pairs that we had today. Our two dispersions had great results. Overall for a June pair sale on a hot day we had good interest and very good results. Next week we have a special dry cow sale and we look forward to working for you. Thank you all for the business and hope to see you at our auction!

## Stan Rennard

69—611# Red Heifers	\$147.00
21—694# Red Heifers	\$131.50
