

Crawford Livestock Market

Market report for Thursday, December 8th and Friday, December 9th; We sold over 600 head of weigh up cattle on Thursday. A lot of cows going on feed again this week with a fairly steady market. The better feeding cows were \$65-\$79.50, the next cut brought \$60-\$74. The better slaughter cows were a bit lower at \$56-\$65. Crippled, flawed cows were \$40-\$50. An extremely light run of bulls were \$86-\$97.50 on the good, bigger ones. Heiferettes on a light run were \$80-\$93. Package trade on heifer calves weighing 500#-600# was \$136-\$169, and good pregged open heifers were \$130-\$164.50.

On Friday we had a full house for the bred cow sale, selling a total of 1,009 head. There was a very nice offering of bred heifers to short term cows that had tremendous participation, not only from the seats, but eleven online bidders as well. The market was good on the day even though the feed is high and the grass is short, sending breds to 4 different states. We would like to thank our sellers and buyers for helping make our sales such a success. We will be holding our final sale of the year next Friday December 16th selling all classes. **REMEMBER NO SALE ON THURSDAY!**

We also want to thank Scott & Caitlin Schaeffer for their generosity in donating a bred heifer for the roll over auction with proceeds raised going to help assist Syd Meidell with her recovery and ongoing medical expenses. Thank you all for participating and willing to help people in our community.
