 WHAT A WEEK AT CRAWFORD LIVESTOCK MARKET! 

We kicked things off Thursday, October 1st, with a good weighup sale. As a reminder, we will have TWO more Thursday weighup sales, and then we will be back to selling everything on Fridays!

The weighup market continues to be a little softer than what we have gotten used to seeing. Here in Nebraska, fall typically brings more cull cows to town as producers preg check and make decisions heading into winter. Increased seasonal cow numbers, along with packer demand, harvest needs and the value of cow beef, all play a part in what we see in the weighup market.

Then came FRIDAY!

We had 6,500 head expected and sold 5,824 head for the day. Some of those expected numbers stayed home, and noticeably, quite a few of them were heifers.

We sold right around 4,000 steers, with the balance being heifers. That heifer number caught our attention. It sure looks like more producers may be taking a hard look at keeping some of those good females back. After several years of drought, fires and historically tight cattle numbers, maybe we are starting to see the first signs of producers wanting to rebuild those cow herds. Time will tell, but keeping replacement quality heifers at home certainly changes the makeup of these big fall calf runs.

And we are pretty proud of this one! According to the USDA market reports and our comparison of the four area salebarn averages, CLM was \$5 to \$13 higher on 400 to 550 lb. steer calves! 🌟

Days like Friday don't happen without a whole lot of people working together. To our consignors who trust us with their cattle, our buyers who show up week after week, and our crew who keeps everything moving on these big days, THANK YOU!

Another successful week in the books at what we think is the best dang salebarn around!

~ *Rich & Alicia*
