Man oh man!

We weren’t sure what to expect Friday morning after the Trump announcement and the cattle futures *plummeted* at the opening bell — with Live down \$2–\$4 and Feeders down \$8–\$9 for the day. But with supply still short and demand still high, we got along pretty dang good!

Trends remain strong for those lighter cattle heading to Oklahoma, Kansas, and Texas, while the heavier cattle were a little softer this week. **However**, even with that being said, prices are still higher per head than we’ve *ever* seen before!

We had a big, fun day yesterday serving over 60 consignors, and the overwhelming feeling in the barn was **gratitude** — gratitude for the life we get to live, for a beautiful fall day to sell cattle, for the community we foster here at CLM, and most importantly, gratitude to **God** for such an amazing day. Thank you all so much from consignors, to buyers to our crew, we couldn’t do it without you all! ~Rich & Alicia
