

Crawford Livestock Market

Market report for Friday, August 26, 2022. We sold about 3,000 head on the day consisting of a light run of weighups and the balance being feeder cattle. With a light run of weighups this week, virtually everything went to slaughter with no cows going on feed. The weighup market was steady to higher. The better end of the cows were \$82.50-\$95. The next cut was \$71.50-\$90. The big, fat, high yielding cows were \$86-\$88.50. Bulls weighing a ton or better were \$98.50-\$121.50 with the next cut of bulls bringing \$96.50-\$118.50

In spite of the stock market being down over 1,000 points, corn being up a dime and both feeder and live cattle closing lower for the day, we managed to have really good results from the feeder portion of the sale. We even had 3 results that cracked the top 25 in the nation for Friday.

We saw active bidding in house and steady internet bidding support throughout the day. We want to once again thank you to our consignors for allowing us to work for you, and thank you to our buyers that keep coming back to our barn! And our crew that helps keep it all running smoothly.

If you need anything please give the office a call, if you want to consign your calves for fall, please call or go online to our consignment form, as those sales are filling up fast.
