

results on the cow market this week is a reflection of continued pressure being applied do to a tremendous number of cows going from ranch to maket in the Northern regions and struggling economy contratray to reports from our current administration.

The good feeding cows were \$99-\$103. Best end of slaughter cows were \$85-\$97. Lower yielding slaughter cows were \$75-\$86. A very light run of high yielding bulls topped out at \$109. Fancy open heifers were \$172-\$216.50. A light run of cutting bulls were in the mid to upper \$160's.

We had a packed house for the bred sale on Friday with 1916 head in the offering. Very good buyer support in the seats and a lot of internet bidding throughout the day. Thanks to everyone! We are off this next week, have a wonderful Thanksgiving with your families and loved ones!

**Charles & Donna Skavdahl**
