Market Report

- Weighup Cattle: 247
- Feeder Cattle: 721

We had a lighter run of cattle this week compared to last, but demand remains strong—especially for cattle heading back on feed.

Notably, no cows went to slaughter this week, which is surprising given the ongoing strong consumer demand for high-quality U.S. beef. That said, fat cows were up \$9 or more from last week, and younger cows heading back to the country were up nearly \$30, with prices still climbing. There's high demand right now, met with limited supply, which continues to push the market upward.

A big thank you to our consignors, our buyers, and our hardworking crew—we truly couldn't do it without each and every one of you!

Looking ahead, our next **WVM sale** will be held:

 **September 16, 2025**
