The cow market was \$5 lower this week, following the fat cattle market, but the better-quality cows still sold on very strong market. We had a lighter run than we've been seeing, but demand continues to be excellent. The demand for pairs remains strong, with all of today's pairs selling out of the country. The internet was also very active, bringing in several new buyers who either topped the bidding or finished as the underbidder. It's great to see our market reaching more buyers every week.

We'll be back next Friday with a Regular Cattle Sale & Special Feeder Sale, featuring approximately 1,200 head as the yearling run continues.

Please keep an eye on our website and Facebook page as we continue to adjust our schedule. We're looking at adding calf sales in August, September, or possibly both as this unusual year continues to unfold.

We'll all figure out this crazy year together, one sale at a time.
A heartfelt thank you to our consignors, buyers, truckers, online bidders, and our incredible crew. Your trust and support mean more than you know, and we're grateful to serve such an outstanding agricultural community.

♥ Thank you for choosing Crawford Livestock Market.
