

# Crawford Livestock Market

Market report for Friday, February 17th– We sold 718 head on the day with roughly 280 weighup cows & bulls and the balance being bred heifers and cows. We finally sent some good cows to feed this week and they brought \$83.50-\$93.50. Top end of the good slaughter cows were mostly \$74-\$91.50. Lower yielding cows still sold better at \$77.50-\$85. Thin gimpy cows were \$50-\$77.50. A fair run on big slaughter bulls brought \$96-\$114. A nice offering of heiferettes was \$88 on the low end but going clear up to \$132! Overall the weighup market is getting stronger with more on-line bidding helping us along the way. We had nice participation for the bred portion of the sale with active buyers in the seats and on the phone and once again timely internet bidding throughout the sale. We want to thank our valued consignors, buyers and crew for another successful sale. We will be off next week, February 24th but will be back on March 3rd selling weighup cattle in the morning and have a special feeder sale after lunch.
