

Crawford Livestock Market

Market report for Friday, August 23, 2024. We had a light run of weighup cattle this week. All classes of cows including slaughter and feeding cows were unevenly steady from a week ago with limited test on all classes. Big slaughter bulls were \$2-\$4 lower. We had a very nice start to the Fall on feeder cattle and sold well considering all the negative pressure the last few weeks being applied to all markets at the current time largely due to politics as we are in a *critical* election year. The yearlings we had to offer were as high in quality as any in the country. Thank you to our consignors, buyers and crew for a great day to sell at auction! Where you will find true price discovery!
