OETKEN ANGUS

39th ANNUAL

PERFORMANCE

FIRST

BULL SALE

FRIDAY

APRIL 7, 2023

Oetken Angus

Welcome to our 39th Annual Bull Sale!

With the cold and snow coupled with the price of feed it's been a tough year so far to be in the cow calf business. Hopefully everyone is rewarded with the higher feeder calf market they are predicting for this fall. High quality black angus calves usually demand the highest price at most sales, and we are confident that this group of bulls will sire an excellent calf crop.

Once again we will have a good selection of bulls that will work on heifers, moderate framed maternal bulls and larger framed growth bulls at this sale. The bulls have been culled for performance, structure and semen evaluated. Only the very top bull calves make this sale.

The bulls are out of a cow herd that have to calve every year in a 65 day calving season. All open cows are sold as weigh ups. The cows are also culled for udder, structure and poor dispositions. The bulls are 100% guaranteed through the first breeding season or September 1st. If a bull dies or gets injured please contact as soon as possible. If available we will replace them with another bull or you will get credit minus the salvage value at next years' bull sale.

Thank you for your interest and hope to see you at the sale.
If you have any questions feel free to give us a call.

Sincerely,

Keith & Lori Oetken

Norman Angus

Prospective Bull Buyers,

We would like to welcome you to our annual bull sale. We have now been providing bulls to you, our customers, for 7 years. We sure hope that the bulls purchased in past sales have met, and even exceeded your expectations. We feel that by selling with The Oetkens that this is a great fit as we raise our cattle in very much the same way that they do. We feel that by sticking to the same basic philosophies that have helped make Keith and Lori and Oetken Angus what they are, will keep us moving forward in the right direction. We feel that this set of bulls has been our best so far. I know that statement is made at every sale, but we feel that this is true. We feel that this offering is very well rounded in that the bulls are more complete from their phenotype to their EPD's to their performance. We have heifer bulls in the offering and also some performance bulls that will be sure to add pounds to your next calf crop. These bulls have NOT been crept fed. They were weaned off their mothers straight off of grass the 14th of September. After about a two week period, they were then sent to Bolek Feed Yard, at the same time as Oetkens. They have been penned and fed right along with Oetkens and have been given the same vaccines and have had the same data taken on them. If you have any questions, please feel free to call and we will be more than happy to assist you. We thank you for your interest and look forward to seeing you at the sale.

Sincerely,

Norman Angus

Luke, Erin, Ada, Ben, Claire, Axel, & Ethan

• A big chunk.
• My highest performing bull.
• He is extremely thick, deep-bodied, and big-hipped.
• He will make some awesome feeders and good females.

• A young bull that is very well put together.
• He will catch your eye.
• Good carcass traits.
