What another WONDERFUL day at Crawford Livestock Market! ❤️ 🎉

First off, can we talk about the weather?! It was a little warm for this time of year, but the wind wasn't howling and the dust wasn't blowing, and around here, we'll take that as a WIN! A huge part of that was thanks to Tristan and our trusty fire rig, keeping the pens and roads watered down. And a BIG thank you to the Crawford Volunteer Fire Department for helping us water the road. We sure appreciate you!

Thursday brought us a big run of weighups as folks around our part of the country continue preg checking cows and bringing the culls to town. The weighup market was \$3 to \$5 higher than last week in most classes, which was sure nice to see!

Our crew did an amazing job juggling cows, calves, trucks, and everything else that comes with a big sale week. With calves rolling in Wednesday and Thursday, we had almost 3,000 head checked in the night before Friday's sale. That makes a HUGE difference in keeping things moving when sale day rolls around!

And then came Friday. Our 47th Anniversary Calf Sale! 🎉

47 years of Crawford Livestock Market being part of the Hunter family, and now the Robertson family too. Isn't Rich just the luckiest guy in the world to have married into such a wonderful family?! 😊 Although, DO NOT ask him that. Let's just keep that between us! 😊

The calf market was once again STRONG from start to finish! Demand for good-quality steer calves continues to impress us. Buyers are still willing to step up and pay for those uniform, reputation cattle, especially the bigger strings that fit together and

make nice loads. It is pretty amazing to watch what these calves are bringing, especially when you think about the investment and work that goes into raising them.

Heifers, on the other hand, have been a little softer, and we're sure seeing that this fall. Now, that's nothing new. Heifers have traditionally brought less than their steer mates, but the spread seems to be getting everyone's attention this year. There are still plenty of good heifers bringing good money, but buyers are being a little more particular about what they're willing to give for them. We've heard plenty of talk about folks keeping replacement heifers back, and that certainly makes sense with the price of cattle and the cost of trying to rebuild a cow herd. It'll be interesting to see how all of that plays out as we work through the rest of the fall run.

Of course, we had a few hiccups throughout the day. You don't put on a sale of that size without something going a little sideways here and there! But all things considered, we had another wonderful day at CLM.

And now for the part that matters the most.

To our consignors, THANK YOU for believing in us, trusting us with your cattle, and choosing Crawford Livestock Market. We know you have choices, and we never want to take that for granted.

To our buyers, thank you for showing up week after week, putting in the miles, and keeping those hands in the air. We might give you a hard time now and then (okay, probably more than now and then 😊), but we sure enjoy the friendships, the laughs, and the business we do together.

And to our CREW. WOW. Just WOW! The long hours, the early mornings, the late nights, the sorting, loading, unloading, checking cattle in, working in the yards, running the office, and all the little things nobody ever sees. You all absolutely knocked it out of the park this week. Big sales don't just happen. They take a whole bunch of hardworking people who care about getting the job done right, and we are sure blessed with some of the best.

47 years is something to be proud of, but the people who have been part of those 47 years are what make it special. From the generations who started it to the folks who walk through our doors today, we're thankful for every single one of you.

We might be a little tired, a little dusty, and running on coffee and fumes, but our hearts are FULL!

We ❤️ you all!

~Rich & Alicia ❤️
